Definition of Terms:

Combinations: The order of numbers selected as a SET does not matter.

Permutations: The system calculates the different combinations of a SET where the order of numbers does matter.

Pari-Mutuel: Prize payouts are determined based on the total sales generated and the number of winners in the particular draw. Applicable only to 4D and 6D Lotto.

Minimum Guaranteed Amount (MGA): The lowest prize amount that is guaranteed to be awarded to a winner.

Play Type: Refers to the multiple ways to play the different lottery games. (e.g.: Standard Play, System Play, Rambolito, PERM)

Lucky Pick (LP): A play type where the system chooses a SET of unique and random numbers.

Standard Play: A basic play type of a chosen game.

Rambolito: A play type applicable only to 2D and 3D digit games where all the possible permutations of the numbers are generated.

PERM: A play type applicable only to 4D Lotto where all the possible permutations of the 4 numbers are generated.

System Play: Refers to a play type that allows players to choose more than the standard number of combinations, thereby increasing the chance of winning. This applies only to Lotto games.

Advanced Ticket Bets: The player can join up to 6 draws in advance.

Documentary Stamp Tax (DST): The DST is a tax levied on certain documents, instruments, and agreements that are executed, signed, or accepted within the country.
